

HONORABLE GEORGE P. SHULTZ
Former Secretary of State

Secretary George P. Shultz has had a distinguished career in government, in academia, and in business. He held four different federal cabinet posts, including Secretary of Labor (1969-1970); Director of the Office of Management and Budget (1970-1972); Secretary of Treasury (1972-1974); and Secretary of State (1982-1989). As Secretary of State, he played a key role in implementing a foreign policy that led to the end of the Cold War, and was awarded the Medal of Freedom in 1989.

He has held teaching positions at three of this country's greatest universities (MIT; University of Chicago Graduate School of Business, where he also served as Dean; and Stanford University). For eight years, (1974-1982), he was president of Bechtel Group, Inc., a major engineering and construction company.

Mr. Shultz was born in New York City and grew up in Englewood, New Jersey. He attended Princeton University, graduating with a B.A. in economics. Shortly after graduation in 1942, he enlisted in the United States Marine Corps and served in combat in the Pacific, rising to the grade of Major before the war ended in 1945. He then resumed his studies at MIT, and in 1949 earned a Ph.D. in industrial economics.

THE GEORGE P. SHULTZ LECTURE SERIES

Established shortly after the events of 9/11, the George P. Shultz Lecture Series brings prominent military and civilian leaders to the Marines' Memorial Theatre in San Francisco to speak on national security issues. The Series assists the Marines' Memorial Association in fulfilling its mission to educate the public on the service and sacrifice of our Nation's military veterans. Partnership with the World Affairs Council for these events enables a wider-reach of the Series for an intellectually curious Bay Area audience.

This special program is brought to you by:
